

Sr. No.	Client Question ID	Question Body and Alternatives	Marks	Negative Marks
Objective Question				
1	1	<p>The degree to which the findings of a study can be seen as a common occurrence in the general population other than to those who participated in the study is</p> <p>A1 Transferability :</p> <p>A2 Feasibility :</p> <p>A3 Generalizability :</p> <p>A4 Applicability :</p>	4.0	1.00
Objective Question				
2	2	<p>The study that deals with the lived- in experiences of women with breast cancer is based on this approach of research</p> <p>A1 Ethnography :</p> <p>A2 Grounded theory :</p> <p>A3 Phenomenology :</p> <p>A4 Epistemology :</p>	4.0	1.00
Objective Question				
3	3	<p>The Model that view's human beings to be biopsychosocial adaptive systems that cope with the environmental change is</p> <p>A1 Roger's :</p> <p>A2 Roy's :</p> <p>A3 Pender's :</p> <p>A4 Imogene King's :</p>	4.0	1.00
Objective Question				
4	4	<p>The purpose of developing a conceptual framework for research is to</p> <p>A1 Interpret the theory :</p>	4.0	1.00

		<p>A2 Test the theory :</p> <p>A3 Organize the research :</p> <p>A4 Explain the theory :</p>		
Objective Question				
5	5	<p>The process of providing information to the participants and enabling them to make a reasoned decision in taking part in the research is called</p> <p>A1 Debriefing :</p> <p>A2 Confidentiality agreement :</p> <p>A3 Informed Consent :</p> <p>A4 Process consent :</p>	4.0	1.00
Objective Question				
6	6	<p>The average amount of difference of values from the mean is called</p> <p>A1 Standard Deviation :</p> <p>A2 Range :</p> <p>A3 Variance :</p> <p>A4 Mean :</p>	4.0	1.00
Objective Question				
7	7	<p>The process that is proactive and involves choosing among alternatives to reduce risk and uncertainty is</p> <p>A1 Planning :</p> <p>A2 Organizing :</p> <p>A3 Budgeting :</p> <p>A4 Coordinating :</p>	4.0	1.00
Objective Question				
8	8	<p>Decentralization of an organization is seen in this type of organizational design</p>	4.0	1.00

		<p>A1 Flat line :</p> <p>A2 Bureaucratic :</p> <p>A3 Matrix :</p> <p>A4 Service line organization :</p>		
--	--	---	--	--

Objective Question

9	9	<p>Transformational leadership involves</p> <p>A1 Authority power gap :</p> <p>A2 Empowerment :</p> <p>A3 Ego driven reactions :</p> <p>A4 Flexibility :</p>	4.0	1.00
---	---	--	-----	------

Objective Question

10	10	<p>Line structure of an organisation is otherwise called</p> <p>A1 Ad Hoc Design :</p> <p>A2 Bureaucratic design :</p> <p>A3 Matrix design :</p> <p>A4 Service line organization :</p>	4.0	1.00
----	----	--	-----	------

Objective Question

11	11	<p>The statements that delineates the set of values and beliefs that guide all actions of the organization is</p> <p>A1 Philosophy :</p> <p>A2 Objectives :</p> <p>A3 Vision :</p> <p>A4 Mission :</p>	4.0	1.00
----	----	--	-----	------

## Objective Question

12	12	<p>An omission to do something that a reasonable person would do is</p> <p>A1 Malpractice :</p> <p>A2 Omission :</p> <p>A3 Negligence :</p> <p>A4 Ignorance :</p>	4.0	1.00
----	----	---	-----	------

## Objective Question

13	13	<p>“Symptoms considered inevitable to the disease are often not symptoms of the disease but of want of fresh air, or light, or of warmth, quiet cleanliness, diet or of all of these” These lines were quoted by</p> <p>A1 Ernestine Weidenbach :</p> <p>A2 Florence Nightingale :</p> <p>A3 Imogene King :</p> <p>A4 Faye Abdellah :</p>	4.0	1.00
----	----	---	-----	------

## Objective Question

14	14	<p>The most appropriate theory that can be applied for a patient in the intensive care unit is</p> <p>A1 Interpersonal process :</p> <p>A2 Adaptation model :</p> <p>A3 Unitary Human beings :</p> <p>A4 Self-care deficit :</p>	4.0	1.00
----	----	--	-----	------

## Objective Question

15	15	<p>The ability of the nurse to think outside of what is usually done involves thinking of this nature</p> <p>A1 Reflective :</p> <p>A2 Creative :</p> <p>A3 Critical :</p>	4.0	1.00
----	----	--	-----	------

		A4 Conservative :		
Objective Question				
16	16	This intrinsic factor influences learning  A1 Practice :  A2 Content :  A3 Teaching method :  A4 Fatigue :	4.0	1.00
Objective Question				
17	17	A situation can be analysed and alternatives can be understood best by this method of learning  A1 Lecture :  A2 Demonstration :  A3 Project :  A4 Role play :	4.0	1.00
Objective Question				
18	18	The best method of providing health talk for patients in the wards is using the  A1 Flannel board :  A2 Flash cards :  A3 Posters :  A4 Charts :	4.0	1.00
Objective Question				
19	19	This acts as a distractor in a scientific presentation  A1 Capitals :  A2 Colours :  A3 Animations	4.0	1.00

		: A4 Diagrams :		
--	--	-----------------------	--	--

Objective Question

20	20	A basic principle that is believed to be true without proof or verification is called  A1 Limitation :  A2 Delimitation :  A3 Assumption :  A4 Generalisation :	4.0	1.00
----	----	---	-----	------

Objective Question

21	21	Observation of change in platelet levels among patients with dengue fever is a study of this type  A1 Descriptive :  A2 Exploratory :  A3 Explanation :  A4 Prediction :	4.0	1.00
----	----	--	-----	------

Objective Question

22	22	The confidence interval which is often used in research studies is _____  A1 100% :  A2 90% :  A3 98% :  A4 95% :	4.0	1.00
----	----	---	-----	------

Objective Question

23	23	The ethical principle that states that if one cannot do good but atleast one should do no harm is called  A1 Beneficence :  A2 Negligence :	4.0	1.00
----	----	---	-----	------

		<p>A3 Nonmaleficence :</p> <p>A4 Felony :</p>		
--	--	---	--	--

Objective Question

24	24	<p>An obligation to tell the truth is called</p> <p>A1 Fidelity :</p> <p>A2 Veracity :</p> <p>A3 Utility :</p> <p>A4 Confidentiality :</p>	4.0	1.00
----	----	--	-----	------

Objective Question

25	25	<p>The statements that describe the future goals of an organisation are</p> <p>A1 Philosophy :</p> <p>A2 Objectives :</p> <p>A3 Vision :</p> <p>A4 Mission :</p>	4.0	1.00
----	----	--	-----	------

Objective Question

26	26	<p>Time management is best done by</p> <p>A1 organizing :</p> <p>A2 Scheduling :</p> <p>A3 Assigning :</p> <p>A4 Prioritising :</p>	4.0	1.00
----	----	---	-----	------

Objective Question

27	27	<p>Nursing as a helping Art that involves identification, ministraton and validation was emphasized by this theorist</p> <p>A1 Faye Abdellah :</p>	4.0	1.00
----	----	--	-----	------

		<p>A2 Imogene King :</p> <p>A3 Florence Nightingale :</p> <p>A4 Ernestine Weidenbach :</p>		
--	--	--	--	--

Objective Question

28	28	<p>The loss that occurs when a person sustains an injury in an accident and thereby unable to get back to work is</p> <p>A1 Maturational :</p> <p>A2 Situational :</p> <p>A3 Necessary :</p> <p>A4 Perceived :</p>	4.0	1.00
----	----	--	-----	------

Objective Question

29	29	<p>The number of times a patient is asked to breathe when using an incentive spirometer per session is</p> <p>A1 1-4 :</p> <p>A2 5-10 :</p> <p>A3 11-15 :</p> <p>A4 16-20 :</p>	4.0	1.00
----	----	---	-----	------

Objective Question

30	30	<p>The pressure exerted by blood proteins is</p> <p>A1 Osmotic :</p> <p>A2 Oncotic :</p> <p>A3 Hydrostatic :</p> <p>A4 Capillary :</p>	4.0	1.00
----	----	--	-----	------

Objective Question

31	31	<p>In tertiary care settings the nurse gives importance to this type of nursing diagnosis</p> <p>A1 Actual</p>	4.0	1.00
----	----	--	-----	------

		<p>:</p> <p>A2 Risk :</p> <p>A3 Possible :</p> <p>A4 Wellness :</p>		
--	--	---	--	--

Objective Question

32	32	<p>Responsibility and answerability together contribute to</p> <p>A1 Authority :</p> <p>A2 Autonomy :</p> <p>A3 Accountability :</p> <p>A4 Competence :</p>	4.0	1.00
----	----	---	-----	------

Objective Question

33	33	<p>A significant aspect of quality assurance is</p> <p>A1 Problem solving :</p> <p>A2 Time saving :</p> <p>A3 Patient Safety :</p> <p>A4 Patient comfort :</p>	4.0	1.00
----	----	--	-----	------

Objective Question

34	34	<p>The number of patients with malaria during the month of June falls under this category</p> <p>A1 Crude rate :</p> <p>A2 Specific rate :</p> <p>A3 Standardized rate :</p> <p>A4 Incidence rate :</p>	4.0	1.00
----	----	---	-----	------

Objective Question

35	35	<p>The study that proceeds from cause to effect over a period of time is</p>	4.0	1.00
----	----	--	-----	------

		<p>A1 Retrospective cohort :</p> <p>A2 Prospective cohort :</p> <p>A3 Case control :</p> <p>A4 Correlational :</p>		
--	--	--	--	--

Objective Question

36	36	<p>An in-depth interaction with an individual with the aim of helping the person understand his own problems occurs in</p> <p>A1 Guidance :</p> <p>A2 Mentoring :</p> <p>A3 Counselling :</p> <p>A4 Proacting :</p>	4.0	1.00
----	----	---	-----	------

Objective Question

37	37	<p>Looking at the wholeness of the situation takes place in this type of learning</p> <p>A1 Trial and error view :</p> <p>A2 Behaviourist view :</p> <p>A3 Gestalt View :</p> <p>A4 Hormic View :</p>	4.0	1.00
----	----	---	-----	------

Objective Question

38	38	<p>The number of lines that is considered ideal for a power point slide is</p> <p>A1 Ten :</p> <p>A2 Eight :</p> <p>A3 Seven :</p> <p>A4 Six :</p>	4.0	1.00
----	----	--	-----	------

Objective Question				
39	39	<p>The value judgements of attributes of one person by another is best obtained by means of this method</p> <p>A1 : Observation checklist</p> <p>A2 : Rating scale</p> <p>A3 : Attitude scale</p> <p>A4 : Questionnaire</p>	4.0	1.00
Objective Question				
40	40	<p>Determination of effect of pain on other vital parameters is a study of this type</p> <p>A1 : Descriptive</p> <p>A2 : Exploratory</p> <p>A3 : Explanation</p> <p>A4 : Prediction</p>	4.0	1.00
Objective Question				
41	41	<p>The studies that are considered to provide the highest level of evidence in the evidence hierarchy are</p> <p>A1 : In-depth qualitative study</p> <p>A2 : Cross sectional study</p> <p>A3 : Randomized controlled trials</p> <p>A4 : Systematic reviews</p>	4.0	1.00
Objective Question				
42	42	<p>When the findings from multiple studies on the same topic are analysed it is called</p> <p>A1 : Theme analysis</p> <p>A2 : Meta analysis</p> <p>A3 : Prospective analysis</p> <p>A4 : Retrospective analysis</p>	4.0	1.00

		:		
Objective Question				
43	43	<p>This theory considers human beings to be energy fields who interact continuously with their environment</p> <p>A1 Roy's :</p> <p>A2 Pender's :</p> <p>A3 Roger's :</p> <p>A4 Imogene King's :</p>	4.0	1.00
Objective Question				
44	44	<p>The use of multiple sources to draw conclusions about an outcome is by means of</p> <p>A1 Reliability :</p> <p>A2 Validity :</p> <p>A3 Control :</p> <p>A4 Triangulation :</p>	4.0	1.00
Objective Question				
45	45	<p>Analysis of multiple means compared over time is by</p> <p>A1 ANOVA :</p> <p>A2 RMANOVA :</p> <p>A3 t- test :</p> <p>A4 Chi square test :</p>	4.0	1.00
Objective Question				
46	46	<p>Informing others about their rights and enabling decision making as a nurse leader is termed as</p> <p>A1 Professional :</p> <p>A2 Advocacy :</p> <p>A3 Mentor :</p>	4.0	1.00

		A4 Guide :		
Objective Question				
47	47	The statements that direct the organization in their decision making are its  A1 Procedures :  A2 Policies :  A3 Rules :  A4 Regulations :	4.0	1.00
Objective Question				
48	48	Stabilizing the system and integrating the new into the status quo occurs in this phase of change  A1 Unfreezing :  A2 Integration :  A3 Movement :  A4 Refreezing :	4.0	1.00
Objective Question				
49	49	The largest of the budget expenditure is the  A1 Replenishable :  A2 Non replenishable :  A3 Personnel Budget :  A4 Repairs and maintenance :	4.0	1.00
Objective Question				
50	50	The budget that is arrived at by multiplying the current years expense with inflation or consumer price index is called  A1 Incremental budgeting :  A2 Zero based budgeting :	4.0	1.00

		A3 Flexible budgeting :		
		A4 Performance budgeting :		

Objective Question

51	51	The cardiac output returns to normal and the body stabilizes during this stage of General adaptation syndrome	4.0	1.00
		A1 Alarm :		
		A2 Resistance :		
		A3 Exhaustion :		
		A4 Recovery :		

Objective Question

52	52	When the body fluid becomes more dilute this hormone decreases	4.0	1.00
		A1 Thyroid :		
		A2 Parathyroid :		
		A3 Pituitary :		
		A4 Antidiuretic :		

Objective Question

53	53	Barriers to research utilisation among nurses is due to	4.0	1.00
		A1 Lack of time and commitment :		
		A2 Lack of education :		
		A3 Inadequate research :		
		A4 Established policy :		

Objective Question

54	54	One of the important components considered by JCAHO for accreditation is	4.0	1.00
		A1 Personnel employed :		
		A2 Financial resources		

		:  A3 Consumer Perception :  A4 Policies :		
--	--	--	--	--

Objective Question

55	55	The process of ensuring comparability between cases and controls is done by  A1 Random assignment :  A2 Block Design :  A3 Blinding :  A4 Matching :	4.0	1.00
----	----	--	-----	------

Objective Question

56	56	The nurse provides assistance to the patient in solving his problems occurs in this phase of interpersonal relationship  A1 Orientation :  A2 Identification :  A3 Exploitation :  A4 Resolution :	4.0	1.00
----	----	--	-----	------

Objective Question

57	57	The process of comparing outcomes with that of other similar organisations is called  A1 Validating :  A2 Controlling :  A3 Analysing :  A4 Benchmarking :	4.0	1.00
----	----	--	-----	------

Objective Question

58	58	Projects and self-learning are emphasized in this Educational philosophy  A1 Existentialism :	4.0	1.00
----	----	--	-----	------

		<p>A2 Eclectism :</p> <p>A3 Pragmatism :</p> <p>A4 Realism :</p>		
Objective Question				
59	59	<p>The colour that should be minimised in its use in a presentation as it indicates excitement or alertness is</p> <p>A1 White :</p> <p>A2 Green :</p> <p>A3 Red :</p> <p>A4 Blue :</p>	4.0	1.00
Objective Question				
60	60	<p>CINAHL is</p> <p>A1 cumulative index to nursing and allied health literature :</p> <p>A2 continuous index to nursing and allied health literature :</p> <p>A3 current index to nursing and allied health limited :</p> <p>A4 current internal to nursing and allied health literature :</p>	4.0	1.00
Objective Question				
61	61	<p>An example of non probability sampling techniques is</p> <p>A1 simple random :</p> <p>A2 stratified :</p> <p>A3 cluster :</p> <p>A4 convenience :</p>	4.0	1.00
Objective Question				
62	62	<p>The subjective perception of vitality and feeling well is known as</p>	4.0	1.00

		<p>A1 illness :</p> <p>A2 wellness :</p> <p>A3 health :</p> <p>A4 Well being :</p>		
--	--	--	--	--

Objective Question

63	63	<p>Decision making is the example of ____ needs</p> <p>A1 self esteem :</p> <p>A2 love and belongingness :</p> <p>A3 security :</p> <p>A4 self actualization :</p>	4.0	1.00
----	----	--	-----	------

Objective Question

64	64	<p>The illness-wellness continuum was envisioned by ____</p> <p>A1 Florence Nightingale :</p> <p>A2 Maslow :</p> <p>A3 John W.Travis :</p> <p>A4 HidegardPeplau :</p>	4.0	1.00
----	----	---	-----	------

Objective Question

65	65	<p>Attention to personality development is ____ prevention</p> <p>A1 tertiary :</p> <p>A2 primordial :</p> <p>A3 secondary :</p> <p>A4 primary :</p>	4.0	1.00
----	----	--	-----	------

Objective Question

66	66	<p>The first practicing nurse epidemiologist was _____</p> <p>A1 Isabel Hampton :</p> <p>A2 Mary Adelaide :</p> <p>A3 Donahue :</p> <p>A4 Florence Nightingale :</p>	4.0	1.00
----	----	--	-----	------

Objective Question

67	67	<p>Protecting the patients human rights of the patient is the responsibility of _____</p> <p>A1 Care giver :</p> <p>A2 advocate :</p> <p>A3 educator :</p> <p>A4 manager :</p>	4.0	1.00
----	----	--	-----	------

Objective Question

68	68	<p>Caring is a _____ imperative not a commodity to buy or sold</p> <p>A1 legal :</p> <p>A2 moral :</p> <p>A3 ethical :</p> <p>A4 practical :</p>	4.0	1.00
----	----	--	-----	------

Objective Question

69	69	<p>Negative withdrawal is the typical feature of _____ child</p> <p>A1 difficult :</p> <p>A2 slow :</p> <p>A3 Warm up :</p> <p>A4 easy :</p>	4.0	1.00
----	----	--	-----	------

Objective Question				
70	70	<p>Oedipus complex is seen among ____ group</p> <p>A1 school :</p> <p>A2 infant :</p> <p>A3 toddler :</p> <p>A4 adolescent :</p>	4.0	1.00
Objective Question				
71	71	<p>Cognitive development theory was developed by _____</p> <p>A1 Berger :</p> <p>A2 Jeanbaret :</p> <p>A3 Jean Peaget :</p> <p>A4 Robert Havighurst :</p>	4.0	1.00
Objective Question				
72	72	<p>Initiation of independent nursing intervention is the example of</p> <p>A1 advocacy :</p> <p>A2 autonomy :</p> <p>A3 responsibility :</p> <p>A4 accountability :</p>	4.0	1.00
Objective Question				
73	73	<p>A nurse with diverse experience with the intuitive grasp power is said to be ____</p> <p>A1 expert :</p> <p>A2 competent :</p> <p>A3 proficient :</p>	4.0	1.00

		A4 novice :		
Objective Question				
74	74	Nurse practice act is _____ law  A1 common :  A2 regulatory :  A3 statutory :  A4 administrative :	4.0	1.00
Objective Question				
75	75	Any intentional touch without consent is _____  A1 assault :  A2 defamation :  A3 battery :  A4 negligence :	4.0	1.00
Objective Question				
76	76	Failure to properly supervise and delegate the work is _____ act  A1 ethical :  A2 malpractice :  A3 negligence :  A4 slander :	4.0	1.00
Objective Question				
77	77	Identifying the patient's problem is done in the _____ phase of nursing process  A1 assessment :  A2 planning :  A3 diagnosis	4.0	1.00

		: A4 implementationj :		
--	--	------------------------------	--	--

Objective Question

78	78	Measurement of the patients health status is _____ data  A1 subjective :  A2 objective :  A3 documented :  A4 qualitative :	4.0	1.00
----	----	---	-----	------

Objective Question

79	79	NANDA is expanded as  A1 North American association of nurse's directorate act. :  A2 Nurses association of nursing diagnosis act. :  A3 North American nurses director association :  A4 North American nursing diagnosis association :	4.0	1.00
----	----	--	-----	------

Objective Question

80	80	The etiology is otherwise known as- _____  A1 label :  A2 related factor :  A3 defining character :  A4 diagnosis :	4.0	1.00
----	----	---	-----	------

Objective Question

81	81	Official responsibility for a particular area of activity is  A1 authority :  A2 management :	4.0	1.00
----	----	---	-----	------

		<p>A3 team :</p> <p>A4 approach :</p>		
--	--	---	--	--

Objective Question

82	82	<p>Organizational management which has hierarchy of authority</p> <p>A1 divisional :</p> <p>A2 functional :</p> <p>A3 bureaucratic :</p> <p>A4 matrix :</p>	4.0	1.00
----	----	---	-----	------

Objective Question

83	83	<p>The objective of linear programming ergonomics is</p> <p>A1 detection :</p> <p>A2 evaluation :</p> <p>A3 improvement :</p> <p>A4 optimizing :</p>	4.0	1.00
----	----	--	-----	------

Objective Question

84	84	<p>Father of modern operational theory</p> <p>A1 Henry Fayol :</p> <p>A2 Taylor :</p> <p>A3 Webber :</p> <p>A4 Koontz :</p>	4.0	1.00
----	----	---	-----	------

Objective Question

85	85	<p>Preparing blue print is</p> <p>A1 organizing :</p>	4.0	1.00
----	----	---	-----	------

		A2 staffing :		
		A3 planning :		
		A4 directing :		

Objective Question

86	86	Dictator type of leadership	4.0	1.00
		A1 participative :		
		A2 autocratic :		
		A3 democratic :		
		A4 delegative :		

Objective Question

87	87	The care that comprises of ambulatory & non ambulatory care is	4.0	1.00
		A1 holistic :		
		A2 integrated :		
		A3 comprehensive :		
		A4 evidence based :		

Objective Question

88	88	The method of care in which the nurse performs a specific task for a large group of patients is	4.0	1.00
		A1 functional method :		
		A2 case method :		
		A3 modular nursing :		
		A4 district nursing :		

Objective Question

89	89	People work with one another in a cordial manner recognizing other's needs, views, values and temperament is	4.0	1.00
		A1 loyalty		

		: A2 human relation : A3 trust : A4 empathy :		
--	--	---	--	--

Objective Question

90	90	Hospitals run by the central or state government is  A1 voluntary : A2 corporate : A3 public : A4 independent :	4.0	1.00
----	----	--	-----	------

Objective Question

91	91	Which of these is a social motive  A1 hunger : A2 status : A3 curiosity : A4 fear :	4.0	1.00
----	----	--	-----	------

Objective Question

92	92	The process of maintaining the needed quantity of that is sufficient for the smooth operation of the organization is  A1 storage : A2 inventory control : A3 replacement : A4 supervision :	4.0	1.00
----	----	--	-----	------

Objective Question

93	93	A process by which nurses evaluate one another's job performance against set standard is	4.0	1.00
----	----	--	-----	------

		<p>A1 Peer review :</p> <p>A2 Nursing audit :</p> <p>A3 Quality circle :</p> <p>A4 Analysis of patient care :</p>		
--	--	---	--	--

Objective Question

94	94	<p>A tool for public relationship is</p> <p>A1 behavior :</p> <p>A2 protection :</p> <p>A3 motivation :</p> <p>A4 diplomacy :</p>	4.0	1.00
----	----	---	-----	------

Objective Question

95	95	<p>Function based budget is a type of</p> <p>A1 Production budget :</p> <p>A2 Cash budget :</p> <p>A3 Recurring budget :</p> <p>A4 Performance budget :</p>	4.0	1.00
----	----	---	-----	------

Objective Question

96	96	<p>Espiritdecorps denotes</p> <p>A1 empathy :</p> <p>A2 rule :</p> <p>A3 trust :</p> <p>A4 unity :</p>	4.0	1.00
----	----	--	-----	------

## Objective Question

97	97	Downward delegation is otherwise known as	4.0	1.00
		A1 formal :		
		A2 informal :		
		A3 fimak :		
		A4 gradual :		

## Objective Question

98	98	The type of interview in which the candidate is asked to express his views on any topic of his interest is	4.0	1.00
		A1 direct :		
		A2 Non direct :		
		A3 pattern :		
		A4 panel :		

## Objective Question

99	99	Novice to expert theory is derived by	4.0	1.00
		A1 Taylor :		
		A2 Fayol :		
		A3 Webber :		
		A4 Benner :		

## Objective Question

100	100	PHC covers ___population	4.0	1.00
		A1 25000 :		
		A2 30000 :		
		A3 50000 :		
		A4 100000 :		

		:		
--	--	---	--	--
