E-Circular

Turnitin is a plagiarism detection tool subscribed by our University since 2010. All the faculty members and research scholars are provided with an account to use Turnitin. Every year orientation/training sessions are being organised by the University Library for the Faculty, Scholars and Students.

As per Turnitin End-User License Agreement, the users (Faculty and Research Scholars) are entitled to submit only their own documents and not others. Also, the users are responsible for their account credentials. Class 7 of the Turnitin End-User License Agreement clearly stat that **“You are solely responsible for any and all use of Your account. You are entirely responsible for maintaining the confidentiality of Your password and You agree not to share Your password with any other person, whether directly or indirectly. You agree to use reasonable efforts to retain the confidentiality of class identification numbers and passwords”**.

It is brought to the notice of the Undersigned that,

- 1. Some of the Faculty members are sharing their login credentials to their scholars and the scholars are submitting on behalf of the Faculty**
- 2. Also it is informed that some of the users are submitting documents of others including documents of Staff and Scholars of affiliated colleges.**

All of the above are contradictory to the End-User License Agreement. It is also brought to the notice that some of the users are submitting the documents to the “Turnitin Repository” and later requesting to remove it from the repository.

It is hereby informed that submitting to Standard Paper Repository is the sole responsibility of the user and it will not bind the undersigned. Also, any request to remove the documents from Standard Paper Repository is not possible. Hence, the users are requested to take all precautions while submitting the documents in Turnitin (**Choose No Repository option**).

Therefore you are requested to take all the above precautions, failing which, the University Authorities may take necessary disciplinary action on those candidates.
