Study the following table and answer the questions given below :
 Number of students enrolled with five colleges over the years 2016 to 2020 is given below :

UNIVERSITY YEAR	1	2	3	4	5
2016	4500	3200	4000	4800	5200
2017	4800	3500	3800	5000	5400
2018	4200	3000	4100	5200	4600
2019	4600	3600	4300	4700	4800
2020	4700	3400	3900	5300	5300

From University 2 in the year 2019, 90 % of the enrolled students appeared for a competitive examination, out of which 80 % students passed the exam. Find out the actual number of students passed the competitive examination. Compare the result with the data set of University 3 for the same year 2019 (i.e., 90% of enrolled students appeared for a competitive exam, of which 80% students passed). And find out the difference between the numbers of students passed the competitive examination, among these two Universities.
