### **ACCESS TO SCOPUS DATABASE**

The access to the SCOPUS Database has been resumed and it can be accessed through the Pondicherry University campus network and on the remote login facility. Scopus is a unique, comprehensive, curated abstract and citation database with enriched data and linked scholarly literature across various disciplines. It has 1.8+ billion cited references dating back to the 1970s, 84+ million records, 17.6+ million author profiles, 94.8+ thousand institution profiles, and more than 7000 publishers.

Scopus is a source-neutral database curated by independent subject matter experts who are recognized leaders in their fields. Scopus is a powerful discovery and analytics tool for researchers, librarians, research managers, and funders to promote ideas, people, and institutions. Scopus delivers the most comprehensive overview of the world's science, technology, medicine, social sciences, and arts and humanities research output.

Please use the following link to access the database: <http://www.scopus.com/>

The Scopus Information site is available at <http://www.elsevier.com/online-tools/scopus>. The link contains the following resources:
