<u>WORKSHOP ON SHARPENING RESEARCH SKILLS USING THE SCOPUS DATABASE</u>

Ananda Rangapillai Library, Pondicherry University, in collaboration with Elsevier, is organizing a Workshop on **"Sharpening Research Skills using SCOPUS"** on **<u>Wednesday, 10th July 2024, from 3.30 p.m. to 5.00 p.m.</u>** at the Conference Room, Library Annexe for Faculty, Research Scholars, and Students of Pondicherry University. Dr. Shubhra Dutta, Research Consultant, South Asia Elsevier, will be the trainer for the program.

About the Scopus Database and Workshop:

Scopus is a unique, comprehensive, curated abstract and citation database with enriched data and linked scholarly literature across various disciplines. It has 1.8+ billion cited references dating back to the 1970s, 94+ million records, 19.6+ million author profiles, 99.6+ thousand institution profiles, and more than 7000 publishers. Scopus is a source-neutral database curated by independent subject matter experts who are recognized leaders in their fields. Scopus is a powerful discovery and analytics tool for researchers, librarians, research managers, and funders to promote ideas, people, and institutions. Scopus delivers the most comprehensive overview of the world's science, technology, medicine, social sciences, and arts and humanities research output.

This interactive workshop will help researchers use the Scopus Database to improve their research insights. After the workshop, the participants will be able to find relevant content, connect with top experts in the field, find the best journals for publication using research metrics, showcase their research profiles, etc.

<u>All PU Faculty members, Research scholars, and Students are requested to register using the following link and participate in this workshop.</u> **<u>Limited seats are available on a first-come, first-served basis.</u>**
